TESTIMONIAL FOR TINA DULIEU OF COACHING DYNAMICS

Having just completed 6 months Business Coaching with Tina, I can honestly say that my business and me have benefitted enormously. Since the coaching began we have moved into offices in Bishop's Stortford, taken on our first full time member of staff and have turned over more money in five months than we did in our first year!

Our time management is far more effective and our goals and targets indentified. There is still room for improvement but with Tina's help and guidance we are more than well on our way.

Thank you Tina, we cannot recommend you highly enough.
